AT THE FANCY BALL

A Merry Throng Merrily
Speeds the Hours.

YOUTH AND BEAUTY MINGLE

In Quaint and Picturesque Costumes and
with Faces Hidden from View—
News of the City.

One of the most charming society events of the season was the fancy dress ball given at Hartman's reception hall last evening by Mrs. M. V. Aldrich and daughters, Mrs. Pauline and Mrs. Peck. It was strictly a gathering of the elite.

About 8:30 the guests began to arrive. The invitations requested all guests to wear fancy dress costumes. The term unique, perhaps, would better describe some of the costumes than the expression fancy. The types of dresses were various. Quiet, demure hues predominated with giddy, dashing, XVI century courtiers. Sober, ascetic monks walked with coy, coquettish milkmaids. Wild and untamed savages whispered soft nothings into the ears of fairy-like princesses. Jesuit priests walked arm and arm with Puritan Priscillas or held sweet communion with demure Maud Mullers.

After the dancers unmasked, supper was served in the reception rooms. The dancers made merry until Jupiter had set and Orion was far in the west. It was unquestionably one of the most delightful events of the year.

CUSTER POST INSTALLATION.

The New Officers Invested With Office in
Appropriate Manner.

The installation exercises by Custer Post last evening were composed of a choice selection of music and recitations. Elks' hall was crowded with members of the post and their guests, who were pleasantly entertained by those who assisted in presenting the program. Gen. Byron K. Pierce acted as installing officer, who duly inducted the following officers into their several positions by the post ritual:

Commander, Charles P. Coffin; senior vice, Alfred M. Apted; junior vice, Charles S. Smith; adjutant, Emil A. Dapper; quartermaster, J. A. S. Verrier; chaplain, Joseph O. Bellair; surgeon, James R. Stephenson; officer of the day, Henry A. Hydrum; officer of the guard, G. Soutter; sergeant major, Alonzo D. Brooks; quartermaster sergeant, Julius Rathman; sentinel, T. J. Odell.

After the formal ceremonies had been pronounced by the installing officer, addresses were made by Col. M. A. Aldrich and Comrade Walter Palmer. Recitations were given by Miss Lena Bridgman, "Scott the Veteran," Miss Chamberlain, "The Soldier's Widow," L. C. Remington, "Nothing to Wear," Miss Belle Thornton, "Aunt Sophia at the Opera," Misses Mary Thompson and Kate Kirkland and Mr. Hook also gave recitations. The musical part of the program was furnished by Capt. Geo. E. Judd and Mrs. Gray with the Ladies Relief Corps.

Refreshments were served at the conclusion of the exercises, when the old veterans and their guests fell to with the vim that characterized the old soldiers at mess during the dreary years of the early '60's.

REFUTES A FALSEHOOD.

Col. Rieley Says That Our People Use
Good Wines.

"I saw by this morning's HERALD that a representative of Mumm & Company's champagne, says Grand Rapids uses more poor wine than any other city of its size in the country," said Col. Rieley of Sweet's hotel yesterday. "Now I want to take exception to that statement. I know it isn't true. I claim to be connoisseur of wines and I think I know what I am talking about. I have handled wines, including Mumm's, for the past thirty years. Mumm makes some very good champagnes and some that aren't so good."

When it comes to saying that Grand Rapids uses more poor wine than any other town in the country, that is an insult to the hotels and the club houses of the city. If you judge the standard of champagne by that sold in the saloons I presume it is poor, I don't know. But I do know that the Morton house and Sweet's and the club houses of the city handle the best champagne made. You can't buy any better champagne than you can find right here in Grand Rapids. You can find every standard brand of champagne at the Morton and at Sweet's. You can find them at the club houses, too, and to say that Grand Rapids doesn't know good champagne is utter foolishness."

HIS SISTER CAME TOO LATE.

Sad Death at the Warwick of Charles
F. McLain.

Charles F. McLain, aged 24, traveling salesman for Ball, Barnhart & Putnam, died in his room in the Warwick Tuesday evening, of tonsillitis and complications, after but a week's illness. Mr. McLain came to this city from Toledo three years ago and his genial personality soon won him many friends here. His sister, Miss Fannie McLain, of Toledo, arrived at the Warwick a few hours after her brother's death. She formerly lived here with her brother and is well known.

Brief funeral services will be held at the Warwick at 4 o'clock Thursday afternoon. Friday morning the remains will be escorted to the depot by the traveling men and Masons, and taken to Tiffin, Ohio, for interment.

MADE GOOD MONEY.

Annual Meeting and Fine Showing of
the Grand Rapids Fire Insurance Co.

The annual meeting of the stockholders of the Grand Rapids Fire Insurance company was held at its office yesterday afternoon, and the following board of directors elected:

L. M. Weston, J. W. Champlin, E. Crofton Fox, Thos. M. Peck, D. M. Amberg, C. T. Hills, Muskegon; Dwight Cutler, Grand Haven; W. B. Burt, East Saginaw; H. Widdicomb, James Blair, S. F. Aspinwall, Geo. W. Gay, A. J. Bowne, A. V. Mann, Muskegon; K. A. Alger, Detroit; O. M. Barnes, Lansing; F. B. Stockbridge, Kalamazoo; T. Stewart White, D. A. Blodgett, F. Letellier, A. V. Pantlind.

This was the company's tenth annual meeting, and the report of the president of the business done last year was very gratifying to the stockholders. The net cash assets of the company are now \$338,482.24, an increase the past year of \$11,118. The re-insurance reserve of the company has increased from \$71,896 to \$84,951, and the net premium receipts of the company are \$14,320 larger than for the year 1890. The company is doing business in ten states and has over 300 agents. The fire losses for the year 1891 to all companies doing business, were probably ten per cent higher than in any year since 1871, yet this company, by its conservative management, and its policy of writing small lines well scattered, makes a very favorable showing as compared with that of other companies in the field.

Immediately after the stockholders' meeting, a meeting of the directors was held and the following officers elected:

President—S. F. Aspinwall.
Vice President—T. Stewart White.
Treasurer—A. J. Bowne.
Secretary—W. Fred McEain.
Assistant Secretary—H. L. Bogue.

ONCE MORE ON IT'S FEET.

First Night Out Club Gets Out of Financial Difficulties.

The First Night Out club, the straitened financial condition of which was mentioned a few days since in THE HERALD, has reorganized, and announces that it will begin giving its fortnightly parties in Simon's hall as usual Thursday evening, February 2, and continue every alternate Thursday evening thereafter during the winter. The club claims to have had \$120 in the treasury, and James Carlton, the ex-secretary and treasurer, who is now supposed to be in Chicago, failed to turn over the amount to the club before his departure. The club is not incorporated, consequently it has no means by which it can take measures to recover.

At the meeting recently held the following officers were elected:

Fred S. Squire, president.
Frank Wilson, secretary.

Charles A. Robertson, treasurer.
Geo. W. Draper, Lewis Adrian, Will Chrysler and Frank Hatch, trustees.

New assessments were made on the members, and funds enough to place the club in a good condition were raised. The constitution was amended so that the surplus funds are required to be deposited in the bank, and no orders can be paid by the treasurer unless they have been signed by all of the trustees. These precautions are considered adequate to provide against further irregularities, and the club is once more in a prosperous condition.

WOMAN MINUS A KIDNEY.

A Remarkable Surgical Operation Performed at the U. B. A. Home.

Drs. Graves, Freese and Greene removed a diseased kidney from Mrs. Charles Smith of Sparta, yesterday, at the U. B. A. Home. Mrs. Smith had been suffering for several months with kidney trouble and a diagnosis of the case had been made. Dr. Graves made an incision about six inches long in the abdominal wall on the affected side, and found that the kidney was about four times its normal size. The surgeons decided that if it were allowed to remain it would seriously interfere with the functions of the other organs, and they accordingly removed it. The incision was sewed up and the patient was left feeling quiet comfortable. This is thought to be the only operation of the kind ever performed in this city.

Stan-

ley, L. W. Wolcott, J. H. Wenderly, all being business men and friends of the deceased. Messrs. Eddy, Bancke and Mrs. L. E. Patten and Mrs. D. B. Shedd sang three beautiful selections. The services were conducted by the Rev. L. H. Davis. The floral contributions were beautiful and a fitting tribute to the deceased. The body was interred in the Valley City cemetery.

Bicycle Club Stays Where It Is.

The Bicycle club has been seriously considering removing from its present quarters in the Hartman building to rooms in the Aldrich block, at the corner of Monroe and Ottawa streets. The club is now paying \$50 per month rent, and the change was proposed for the sake of getting cheaper quarters. A meeting was held Tuesday evening to consider the matter, and in view of the finer club rooms and the handsome large hall adjoining, of which the club has the use, it was decided not to change. The club has sixty-three active paid-up members, a good outfit of club furniture, and is practically out of debt. New members are coming in at every meeting and the club is on its feet and on the high road to prosperity.

Old Residents' Blow-out.

The Old Settlers' committee on arrangements for the annual reunion met yesterday in the city hall, and took the preliminary steps toward consummating the plans. The date was fixed for February 18, and the Morton house the place for holding their grand ball and reunion. The chairman of the committee, Col. R. V. Fox, appointed the following gentlemen as members of the invitation committee: Secretary R. H. Smith, W. N. Cook and Adrian Johnson. Chairman Fox will announce the sub-committees later.

Indoor Base Ball.

An exciting and closely watched game of indoor base ball was played last evening by the Bicycle club nine and the Custer Guard nine in Custer armory. The score at the end of the ninth inning was: Bicycle, 25; Custer, 18. A. N. Albee and John Taylor umpired the game, and withstood the stereotyped kicks unharmed.

Preferred the Workmen.

Judge M. C. Burch says he is out 10,000 or 15,000 in money and time by the failure of the Grand Rapids Cabinet company. The claims of workmen have been given the preference.
